The Landmark Advanced Course

The Landmark Advanced Course is both powerful and fun. It includes one-on-one coaching, audio/visual demonstrations, individual work in front of the room, and hands-on practice in using language to design a new future of freedom and self-expression.

FROM THIS COURSE YOU WILL:

- Generate a vision for your life that is solidly anchored in reality – a vision you can communicate and in which others can become truly engaged. You will also acquire the know-how to translate your vision into practical, effective action needed to make that vision real.
- Step outside familiar ways of approaching a situation and habitual ways of thinking to invent whole new perspectives and approaches that lead to new ways of being and acting.
- Develop a facility for recognizing things as they really are – distinct from your hopes, fears and preferences. With this clarity comes a new power and velocity in producing specific, measurable results.
- See your worries and concerns from a completely different light so that they no longer have the power to diminish your effectiveness and can actually forward your commitments.
- Gain a power in dealing with day-to-day issues and upsets, freed from their history, enabling you to address them from the future consistently, powerfully, and effectively. © 2009 Landmark Education
